5 Easy Ways to Make Extra Money This Holiday Season

Welcome to the latest edition of 5 Easy Ways to Make Extra Money this Holiday Season. If you want to learn how to make money this holiday season, and not just gifts, I'm here to show you. I'm going to show you 5 easy ways to make money this holiday season. You're going to learn everything you need to know in order to make a little extra money. Whether you're looking for extra money to take the pressure off of your holiday shopping, or you're looking for a fun way to celebrate the holidays this year, these methods will be perfect for you.

How to Make Money during the Holiday Season:

- 1. Holiday Family Camp** If you have children, I can't recommend this more highly. If you're willing to get a little messy, and I mean a little messy, you can teach them valuable lessons, and have some fun at the same time. If you are looking for a fun, but rather useless way to make money, and have some extra time on your hands, I highly recommend this. Not only do you get to learn something new, but you also get to have a laugh at the same time.
- 2. Become an Uber driver** While I don't recommend you do this unless you're willing to go all out, and you're ready for a challenge, this is one of the easiest ways to make money that I can think of. The best part about this, is that you don't have to spend a ton of time driving. Also, you can make money doing what you already do, and this is how you can make extra money.
- 3. Get a side hustle** If you're bored with what you're doing, or you're looking to make a change, this is a perfect time to get a side

Ford demonstrates driverless car Ford has developed a prototype for a driverless car, saying it could be ready to be used in six years. The vehicle is capable of changing lanes without a driver needing to intervene. A steering wheel and accelerator and brake pedals are no longer required. Ford says it is one of only four companies developing driverless vehicles, along with Google and Volvo, and two other firms, Carnegie Mellon University in the US and Michigan State University, are expected to be working on prototypes in the next few months. 'Superior vehicle safety' Dave Nagengast, director of Ford's connected vehicle unit, told the BBC that although driverless cars have been the subject of popular debate, he said driverless vehicles "will not be the realm of science fiction in the near
